

Friends and Needles guild decided that the first quilt block, and the beginning of our trail, would begin at our community quilt shop, Rather-B-Quilting, located at 224 B Road, Houlton, Maine. Our member and shop owner, Peggy Crane, was honored to begin the project. Peggy designed her own block of Flying Geese around a center Churn Dash and hence the name of her block is, "Churning Geese". Peggy designed and created a quilt in batik fabrics from her shop. The coloration of her quilt was duplicated in the actual wood block.
